Lane: I Know the Assassin

WPost 3-31-67

Copenhagen, Denmark, March 31 (Reuters) — Attorney Mark Lane said in a signed article in the Copenhagen newspaper Extrabladet today that he knew who fired the fatal shot at President Kennedy in Dallas.

But he did not identify anyone and said the time was not ripe to publish all the information he claimed was available.

The investigation into the Dallas assassination being conducted by New Orleans district attorney Jim Garrison would lead to political chaos in the United States, Lane said.

"I know who fired the fatal shot at President Kennedy. I know the forces behind the murder of the President," Lane's article said.

Lawyer In New Orleans

Lane, at present in New Orleans, is the author of the book, "Rush to Judgment" which criticized the finding of the Warren Commission on the Kennedy assassination and declared that Lee Harvey Oswald was not the killer.

Lane said in today's article that he was the only person, apart from those on Jim Garrison's staff, who had seen the extensive evidence collected in New Orleans.

"One of the strongest movements in America planned and started the events that led to the murder of the President," said Lane.

No Foreign Involvement

"No foreign power was involved in the planning or execution of the assassination."

He added: "Anti-Castro Cubans played an important role in the assassination."
